

AMENDMENTS TO THE SPECIFICATION

Replace the paragraph beginning on Page 4, Line 5 with the following:

In the illustrated embodiment, three pairs of pinion gears having associated pinions shafts are carried by the completed pinion carrier 10. Suitable holes 24 are ~~found~~ formed in the annular body 12 and are adapted to extend from the outer surface 14 to the inner surface 16 of the carrier. It will be understood that in other embodiments different numbers of gears may be utilized.

Replace the paragraph commencing on Page 4 line 9 with the following:

A second annular body 26 is provided having an outer surface 28 and an inner surface 30. A plurality of legs 32 are caused to project from the circumference of the inner surface 30. Each of the legs 32 terminates ~~on~~ in a flat surface 34.
